

Baltic Sea Region University – BSRUN

The accession of our University to Baltic Sea Region University Network is officially dated October 9, 2015.

Year of the foundation: 2000, Turku (Finland)

Purpose of its establishment: development of international interuniversity cooperation in the region on the basis of educational process integration.

Membership in the association: more than 40 universities from Baltic sea region state, Finland, Russia, Poland, Lithuania, Latvia, Estonia, Belarus.

Management structure:

Head of the association is President (at present it is Mr. Kari Hypponen, Turku University).

Vice-president – Dmitry Vasilenko (St. Petersburg State Economic University).

Steering Committee is the managing authority of the association. Secretariat is responsible for every day operation (located in Olsztyn, Poland at University of Warmia and Mazury).

Advantages of the membership:

Being member of BSRUN means the ability to activate cooperation with other university members, to encourage student and staff mobility, to exchange experience, ideas, educational programmes. It is also a great chance to raise credibility and competitiveness of our University at the international level in the sphere of education and scientific activities.
